

LOST CITY

Created by Opus IV Gamer for Need for Speed III: Hot Pursuit | opusivgamer@gmail.com

This track is Lost City, a modified version of Empire City created with the textures of Lost Vegas, a track from the first edition of The Need for Speed (1994).

To install it put "trk008" folder that you find in the downloaded Zip file into "C:/Program Files/Electronic Arts/Nfs3/Nfs3/Gamedata/Tracks" and replace the existing one.

You are allowed to create a project using as a base this track or convert it to another game but please contact me first on my email "opusivgamer@gmail.com" and give me credits if you have my permission.

You can find many other addons for Need for Speed III created or converted by me on the NFS Cars website by clicking on this link <http://www.nfscars.net/need-for-speedhotpursuit/1/downloads/list/tracks/2/author/opus-iv/3350/>
