

# AQUATICA NOON TIME VERSION

Created by Opus IV Gamer for Need for Speed III: Hot Pursuit | [opusivgamer@gmail.com](mailto:opusivgamer@gmail.com)

This track is Aquatica Noon Time Version, as the name says this is Aquatica set in the central hours of the day in full sunlight (the original version of this track is set at sunset), created simply by changing the original textures and sky of Aquatica with those of Atlantica, after making the track brighter.

To install it put "trk006" folder that you find in the downloaded Zip file into "C:/Program Files/Electronic Arts/Nfs3/Nfs3/Gamedata/Tracks" and replace the existing one.

You are allowed to create a project using as a base this track or convert it to another game but please contact me first on my email "[opusivgamer@gmail.com](mailto:opusivgamer@gmail.com)" and give me credits if you have my permission.

You can find many other addons for Need for Speed III created or converted by me on the NFS Cars website by clicking on this link <http://www.nfscars.net/need-for-speed-hotpursuit/1/downloads/list/tracks/2/author/opus-iv/3350/>
